

Free Targeted Traffic To Your Website!

My #1 resource for targeted traffic is [TrafficSwarm](#). This viral traffic traffic system sends about 500 unique visitors to my sites everyday. It gives me lots of new leads to my ezine and it makes lots of product sales!

In [TrafficSwarm](#) you earn credits that are used to promote your sites. You can earn credits in different ways:

- 1.) Make [TrafficSwarm](#) your startpage and earn credits everytime you open your browser.
- 2.) Visit others sites advertised on [TrafficSwarm](#) to earn extra credits.
- 3.) Display text links on your site and earn credits when a visitor clicks on it.
- 4.) Refer others to [TrafficSwarm](#) and receive credits 5 levels deep.

The last way to earn credits is the most powerful way. This works like a virus. Every month you will receive more and more traffic to your websites.

You can join [TrafficSwarm](#) as a FREE member or as a PRO member. PRO membership costs \$30 a month and has loads of benefits. You will also earn \$5 every time you refer a PRO member. I recommend the PRO membership!
